

Self-Assessment: Yielding Useful Results

February 17-18, 2010

Embassy Suites Nashville Airport, Nashville, Tennessee

The development and implementation of a programmatic self-assessment is an integral part of the continuous improvement process for Head Start and Early Head Start. Through this “snapshot in time,” programs are able to report their progress toward meeting goals, identify areas needing improvement, and document program strengths for a variety of stakeholders, including the governing body, policy council, program staff, and Federal officials.

While most organizations have little difficulty in developing a self-assessment procedure, implementing the self-assessment, and obtaining results, many programs encounter difficulties in filtering the results in a useful and meaningful way, which leads to problems in analyzing the data collected and presenting an improvement plan that expands upon the program’s strengths while working to correct the program’s weaknesses.

Self-Assessment: Yielding Useful Results demonstrates practical strategies that can guide participants in establishing self-assessment policies and procedures for:

- Utilizing the current Federal review instrument for self-assessment purposes;
- Setting up appropriate program review teams;
- Organizing the self-assessment calendar;
- Obtaining useful and meaningful results;
- Appropriately synthesizing the data collected;
- Fully analyzing the results;
- Producing a compilation of both strengths and weaknesses;
- Generating a useable report for the various stakeholders;
- Creating a responsive program improvement plan; and
- Monitoring the results of the program improvement plan.

Self-Assessment: Yielding Useful Results is a day and a half workshop designed for all Head Start and Early Head Start staff, volunteers, and stakeholders who have a role in the self-assessment process. Space will be limited but the demand will not, so register today!

The Standard Registration Fee is \$375 per person. Members of *T/TAS@Your Service* may qualify for the Subscriber Rate of \$350 per person. (Some restrictions may apply based on level of subscription; visit www.ttas.org/ays.html for information on how to become a subscriber.) For details on registering, including how to earn .9 Continuing Education Credits (CEUs) for this event, please see page 3.
